Keynote Speakers

The first keynote address will be delivered by Ireland's Chief Nurse in the Department of Health, Ms Rachel Kenna. Rachel has responsibility for provision of strategic leadership and expert nursing and midwifery advice to the Department of Health, Government, broader health system, and regulatory and professional bodies.

The second keynote address will be delivered by Mr Tibo Uyttersprot. Tibo is a climate officer at Health Care Without Harm Europe. He will be discussing the crucial role of nurses in climate-smart healthcare..

A third keynote will be delivered by Dr Gerardina Harnett, Head of Department of Nursing & Healthcare Sciences at Munster Technological University. Gerardina's interest in sustainability is linked to her role as a public health nurse, a nurse educator and her involvement with Sigma Nursing and Midwifery in Ireland.
